Type of Comment	Objection
Type	neighbour
Comments	<p>Dear Sirs,</p> <p>I am writing to object to the application 23/00853/OUT.</p> <p>I moved to Hanwell 18 months ago, drawn to it due to its rural character and surrounding countryside. It is undeniable that this proposed development will have a significant negative impact upon the local environment, with the further loss of natural habitat and agricultural land, and the character of this rural community that I have come to regard as my home.</p> <p>As has been demonstrated time and again within other local authorities, the pursuit of profit with these sorts of developments rarely adds positives to an area - a simple cost benefit analysis would indicate that this development is not only poorly conceived, but unnecessary. Approval of this application would result in the unnecessary destruction of valuable natural habitat and agricultural land and the further erosion of rural communities.</p> <p>I implore the committee to consider all of these factors in their consideration of this application and act to protect that which cannot be replaced for the benefit of future generations.</p> <p>Thank you.</p>
