<b>Comments</b>	<input type="text" value="I object to this plan because it would put an increased strain on local infrasture, and would result in significant increases in traffic, making local roads even more unsafe for greener forms of transport such as cycling&lt;br/&gt;I object to this plan because it would harm the local environment, reducing biodiversity&lt;br/&gt;I object to this plan because it would replace high grade farmland which is having a beneficial effect on the environment, with housing supply that does not meet the highest category of energy efficiency, still uses carbon to heat, is not designed to encourage electric vehicles, or other green forms of transport.&lt;br/&gt;I object to this development as it will result in the merger of Banbury and Hanwell, to the detriment of Hanwell, and contrary to adopted planning policies. This would also reduce the green space available to residents of both Banbury and Hanwell residents"/>
