Organisation Name	<input type="text" value="James Lovell"/>
Address	<input type="text" value="11 De La Warr End,Banbury,OX16 1HD"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I strongly object to the development of houses in the field opposite my house. Before I purchased my property I looked into whether there were any planning applications in place for the field in question. There weren't, hence me purchasing my property. The fact it had a bridleway/established green buffer, and the fact that Hanwell is only one field away from us, I felt confident that the field would never be developed. Not only will it create years worth of noise, air and visual pollution for us but it is removing vital green space used for leisure by myself and the community of Hanwell Chase. Additionally I do not want to see the idyllic village of Hanwell being swallowed up by Banbury. We need to conserve village communities, their history and their heritage. Additionally we need to preserve green space. Also within Banbury there are multiple areas that could be used for housing developments that are simply left as wasteland/ derelict sites. In both instances these attract anti social behaviour and crime. Are we not better redeveloping these spaces?"/>
