| Type of Comment | <input type="text" value="Objection"/> |
| Type | <input type="text" value="neighbour"/> |
| Comments | <input type="text" value="The proposed development at Hanwell will cause additional traffic turning in either direction onto the Southam road which is already a dangerous turn because of lines of sight in both directions. The infrastructure in terms of services to additional housing is not sufficient to support a new development. The land proposed for development is high grade agricultural land which is a valuable asset to the country - particularly when we cannot feed ourselves in the UK. Hanwell is an interesting and pretty ironstone village which has considerable history - how many more such villages are going to be spoiled by development in the name of progress?"/> |
