Comments	<p>As a regular visitor to this area I am writing to object to this application as I feel it will have a extremely detrimental impact on the local environment, this is a wonderful rural area and a development of this size will significantly alter this. I also have a serious concern that if given the go ahead it will pave the way for further development and the spread of development out from Banbury itself.</p> <p>There simply has to be better sites in already urbanised areas that can be used for housing instead of further ruining our countryside in exchange for profit, I can really see no justification for this development being given the go ahead.</p>
