Comments	<input type="text" value="Developing this site and joining Hanwell with Banbury will impact village status. Creating more homes will lead to an increase in traffic, noise, pollution and also put an increased strain on local amenities. The present infrastructure will not be fit to support this. There has been a significant increase in traffic over the last few years following recent housing developments and the building of further homes will add to this issue. Quieter country lanes have also seen an increase in use. The loss of green space will be detrimental to the area both from a nature and recreational point of view."/>
