<b>Type of Comment</b>	<input type="text" value="Objection"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<p>Hello,</p> <p>The land proposed for development is quality agricultural land. It also hosts a lot of wildlife - deer, bats, birds of prey and more. Building on it is irresponsible and deplorable when so much of our local farmland and wildlife has already been destroyed by the developments.</p> <p>This particular development would also drastically change the character of the village. As more developments have been built closer and closer to Hanwell, we have noticed a drastic increase in traffic using the village as a rat run and a frightening increase in litter that we regularly have to clean up. This latest proposal will destroy the last green barrier between Hanwell and the new developments.</p> <p>Hanwell is a very old village dating back to the sixth century. We love it's charm, character and that it is a rural village out in the sticks. This has been eroded away over the years with these developments, and we don't want it to lose any more of what is left.</p> <p>The boundary agreed upon for developments has been crossed time and time again. We are being chased out of our home and the environment around it is being destroyed in the process. We are objecting to this development.</p>
