Dear CDC Planning,

I have noted that the applicant for 23/00853/OUT has submitted additional documentation in support of their application. As a result, I wish to submit an additional objection.

I understand this is acceptable prior to determination of the application, in the same way that additional submissions are accepted from the applicant.

I am emailing the attached objection as the "Comment on this application" function is no longer available on the planning portal.

I would be grateful for your confirmation of receiving and accepting this objection.

Regards,
Tom Sadler
