CDM Regulations:

In addition to any information included in this drawing or the model from which it is derived, refer also to the project CDM Risk Register for information on residual risks.

General Notes:

- The drawing does not necessarily show all the information needed to interpret the design intent or the construction details.
- The drawing contains information from more than one source and must be read in conjunction with all relevant specifications.
- Any apparent drafting errors and differences between other drawings and specifications shall be brought to our attention.

Project Notes:

Lighting design system requires installation and maintenance at height. Installer / maintainer to ensure safe working platform suitable for work activity with safe means of access is supplied. Ensure equipment used is in good condition and is inspected on a regular basis by qualified / competent personnel. Ensure maintenance / installation is carried out by competent / qualified individual.
