<b>Comments</b>	<p>I am concerned that if there is a marked increase in activity on this site the noise levels will subsequently increase, particularly at weekends when residents of local properties will want to be outside. However there has only been one occasion in recent memory when this has occurred so one has to hope that the norm will not see many events organised where this will happen.</p> <p>The traffic on the local roads into the Bicester Heritage site are another concern when events are taking place. There are two entrances and there have been times when there has been an awful lot of congestion outside these on the roads and roundabout</p>
