Comments	<input type="text" value="I strongly object to this proposal as this will have a detrimental impact on on the residential areas surrounding the heritage site, which includes my home address. The noise level will be unbearable, not to mention the volume of traffic coming through Caversfield. Even during the current scramble events, the residents are very much delayed in getting in and out of the village, due to the amount of cars coming into the area. In addition to the unbearable noise levels, our house prices will be negatively affected, forcing our house prices to crash."/>
