Comments	<input type="text" value="Race tracks in a town seems to me an absurd. The level of noise it will cause specially in an area surrounded by 3 care homes is totally inconvenient. Not to mention air pollution, traffic disruption with all the events they intend to do. A race track must be built near a motorway in the middle of nowhere where doesn't impact on people's homes. Very good idea but unfortunately at the wrong place. I totally object this application as I live in Caversfield just opposite Bicester Heritage."/>
