Comments	<p>I wish to object to this application because of the impact on local residents. The granting of this retrospective Planning Permission is likely to see an increase in the number of events taking place at Bicester Heritage, leading to an increase in traffic and noise. Motor-based activities cause particulate pollution and contribute to climate change. The Bicester Heritage website proudly acknowledges the large numbers of people that are attracted to it's events. The planned Vegan Festival in 2023 apparently attracted 12,000 visitors to the 2022 site. Events on this scale will cause traffic disruption on local roads and a huge disturbance for those living near by. If this application is ratified I would urge the Council to attach suitable restrictions to protect Bicester residents.</p>
