Comments	<input type="text" value="As context, I founded one of the companies on the Bicester Heritage site, and moved to the Garden Quarter as a result. Bicester Heritage has proved itself as a highly positive addition to the Bicester area. It is a fact that the site creates jobs and boosts the local economy. I'm fully supportive of this planning application as it will allow the site to grow and add even more value to the local economy. In my time living in the Garden Quarter, Bicester Motion have been a considerate and thoughtful neighbour and I don't believe this will change with this planning application. Based on the documentation provided, noise will be carefully monitored and all of the noise I experience comes from lorries and heavy vehicles on the A4095. The growth of Bicester Heritage should be supported and encouraged."/>
