Comments	<input type="text" value="As a local property owner in The Garden Quarter we wish to raise our concern about the noise & air pollution together with the likely traffic congestion caused by this proposed application.
We are led to believe that the noise level will exceed those of Brands Hatch & fails to address any wind speed & direction. In addition there is no mention of the potential air pollution from exhausts & burning rubber. The racing together with other proposed events will also add enormously to the traffic flows & congestion in the area.
This does not seem to be a very green proposal.
Kind regards
Steve"/>
