Comments	<p>I object to the proposed plans on two grounds. Firstly, I have serious concern about the noise a permanent race track would generate. The Garden Quarter, and indeed Caversfield as a whole, are a quiet cul-de-sac in the countryside. Considerable time and expense is put into ensuring the grounds are well-kept so that residents can enjoy peace and quiet. A race track would be incredibly noisy, and would ruin the enjoyment of the outside area. Furthermore, the sleep quality of residents would be put at risk. Though with young infants and those working shifts would find sleep during the day impossible if a noisy race track is installed.</p> <p>My second concern is the increase in traffic this would generate. Bicester Heritage already causes additional traffic in the area; a permanent racetrack would make this problem significantly worse.</p>
