Details of customer enquiry:

I had no real issue with the Bicester Motion application 23/01085F until this weekend. I am sat in my house in Stratton Audley listening to the horrendous noise of vehicles screaming round the track there at the Flywheel event. I know the comments are closed for this application but honestly if we are subjected to this noise, on the new extended track they intend to build, every weekend, life is going to get very miserable. I ride a large engined motorcycle so am not some moaning NIMBY but honestly, I am amazed at how the sound of the tannoy and the vehicles is travelling. Comments were due the week before this event. I now know why. I can't find anywhere else on your site to contact you about this. It's dreadful. Sincerely,
Marcelle Stroud Stratton Audley
