Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="We are happy to support the application to replace the house at New Barn Farm. The overall application, if approved, will see an improved house. As neighbours at Haynes Barn (converted by us over the period 2015/17) we look out to the North elevation of the current and proposed house. We would thus welcome seeing the relevant hedge increased in height and infilled where it is thin with trees and further hedging. Equally, we ask that external lighting is moderated."/>
