

Do not scale from this drawing. Use figured dimensions only

Condition 8
Covered Cycle Storage to be provided in Building 3 and or Building 4

Building 4

Condition 7
Plan submitted to allow consideration of turning arrangements on the site

The hatched area denotes the existing gravel tracks that facilitate turning on the site

The tracking path of a 44 tonne multi axle articulated lorry is shown. This is much larger than any vehicle that will need to access the site

The driveway arrangement would allow vehicle to leave the site and enter the highway in a forward direction

The arrangements serving the completed dwelling are to be confirmed

Condition 9
Future EV Charger point
No ducting necessary to installation owing to incoming services arrangement
