Comments	<p>I strongly object to this latest application by Blue Cedar homes. In sibford ferris we have already been subject to developers and the appeals officer overruling CDC to grant the sizeable development on Hook Norton rd. Blue cedar homes planning application has already been turned down by CDC and on appeal for good reason. The village cannot sustain another development. There simply isn't sufficient infrastructure, already too much traffic especially with Sibford school traffic which clogs up the roads and causes danger to pedestrians and contributes to air pollution. The sewage and water is and will be further under strain from the hook norton rd development and this latest application will add to it.</p> <p>Air pollution, more traffic, noise and light pollution, a denegration to our rural environment which is already severely compromised.</p> <p>The cdc and appeals officer had good reason to refuse Blue Cedar. The reasons and arguments still stand. Greedy developers and landowners are trying cynically to get their own way!</p>
