Comments	<input type="text" value="I object to yet another development in our small community. The original planning application submitted by Blue Cedar was opposed and refused by CDC and the appeals officer. I can't see what would have changed sufficiently to make the council change its decision on this application. We already suffer from horrendous and dangerous amounts of traffic coming through the village and this proposed development will add more. Additionally, to add more residents and cars on top of the existing number of residents in Sibford Ferris (and the Hook Norton road development which will commence soon) will destroy the character of the village. The infrastructure is also insufficient to sustain yet more housing which, will only serve wealthy retirees and not local or local young people as the proposed homes will not be affordable."/>
