CAUTION: This email originated from outside of the Council. Do not click links or open attachments unless you recognise the sender and know the content is safe.

Adderbury Parish Council objects to the above applications on the following grounds:

1. they have an urbanising effect on the countryside landscape.
2. there is no justification for these signs as they are close to the actual site being developed, which has all the usual signage.
3. lighting is unacceptable and may be distracting near a junction
4. this is really just advertising the company
5. they do not comply with regulations for builder's signage at development sites in the Town and Country Planning Act.
