Comments	<p>Thank you for re-consulting me on the above application. I have reviewed the amended design code and provide the following comments;</p> <p>Page 70 - Crime prevention point 5.17 - Please reference current guidelines - Secured by Design Homes 2024, Secure by Design Commercial 2023.</p> <p>Page 135 - Street lighting - I object to tertiary streets being unlit. It is important for pedestrian safety and to reduce crime and ASB that all streets within the development are lit.</p> <p>I re-iterate my previous comments dated 21st July 2023.</p> <p>Kind regards Kevin Cox Designing Out Crime Officer</p>
