Ecology comments

Linda

With regard to the above discharge of condi•on I have the following comments:

Condi•on 9 – protected species check

I am happy for this to be discharged on the basis of the submi•ed report.

Condi•on 17 – Badgers

I would also recommend that this condi•on is discharged.

Condi•on 18 – Landscape and Ecological Management Plan

I have no substan•ve comments to make on the submi•ed LEMP (September 2022 fcpr). I note that proposals for ecological provisions within the developed areas of the site are contained within a separate Biodiversity Enhancement Scheme for the reserved ma•ers applica•ons, therefore I am happy to recommend discharge of this condi•on also.

Kind regards

Charlo•e
