

Application no: 23/01521/DISC

Location: OS Parcel 7400 Adjoining And South Of, Salt Way, Bodicote

Transport Development Control

Recommendation:

Condition 27: Objection

Detailed comments:

The below comments have been issued by the OCC Travel Plans Team:

Although most of the requested information has been included within the resubmission, there are still points which need addressing.

Travel Plan Co-ordinator

- The recent response states that 'details of the full time Travel Plan Co-ordinator will be provided to OCC' and Paragraph 4.2.1 states that the full time TPC will be appointed three months prior to initial occupation of the site. As the date of first occupation of the site will be December 2023, can I query why this information is not yet available?
- When will an indicative TPC budget be determined?

Action Plan

- The action plan requires further information as required within paragraphs A29 – A33 of the OCC guidance document.
- In addition to the actions discussed within section 6, the action plan should include details about infrastructure-based improvements such as cycle parking installation and provision of EV charging points. Other actions such as 'Establishing resident stakeholder groups' discussed in paragraph 4.2.4 should also be included.

Personalised Travel Planning

Paragraph 6.6.3 states that Personalised Travel Planning **could** be offered to all residents. It is a requirement that all households on a development of 80 dwellings or more, must be offered Personalised Travel Planning (paragraph A.94 of the OCC guidance document).

A copy of the OCC guidance document has been attached with this response for ease of reference, but further information and advice can also be sought from the Travel Plans Team at OCC travelplan@oxfordshire.gov.uk
