**Comments**

Bicester Bike Users' Group supports the street design code and the access and movement plan for phase 2A. we would like to comment that although images of Sheffield style bicycle stands are featured in the street furniture section for Himley Village there is no reference to cycle parking facilities in public spaces for visitors etc in phase 2A. There should be adequate visitor bike parking throughout the development. Also, good active travel infrastructure within the development will only lead to less car use if good connections to other parts of Bicester, particularly along Middleton Stoney Rd, are created soon.
