Dear Imogen,

Thank you for this information. The applicant has submitted the approved WSI from Museum of London Archaeology for the archaeological evaluation required by condition 7.

This WSI is acceptable and meets the requirements of condition 7 and we are therefore satisfied that this condition (7) can be discharged.

Condition 8 refers to the archaeological evaluation and mitigation, and as the watching brief portion of the mitigation has not yet been carried out, this condition cannot be discharged at this time.

Kind regards,

Victoria

Dear Victoria,

Thank you for your comments.

We can only approve or refuse, so if the information is insufficient I can go back and request further information or progress to a refusal. If they are refusal, we can split them off from the current reference and resolve them immediately.

Hope that helps, but feel free to come back with any queries.

Kind regards,

Dear Sir/Madam,

Ref: 23/01977/DISC Land North of Hill Farm, Hill Farm Lane, Duns Tew

Thank you for sending us this discharge request. The accepted WSI for the evaluation has been submitted, though this does not cover the watching brief which is part of the mitigation. Condition 8 asks for a programme of evaluation and mitigation, so far only the evaluation has been undertaken so would it be possible for a partial discharge on these conditions?

Kind regards,

Victoria
