Received Date	Our garden is immediately adjacent to the land belonging to Villiers Park House. As we wish to continue to have a harmonious relationship with our neighbour, we would only raise objection to the proposed garage development if we were to be affected again by building noise; the grinding of metal, have ground brick or stone dust deposited in our garden, have the continuous 'beeping' of reversing machinery, or have heavy smoke from the burning of various substances blown into our garden. We had to contend with these issues during 2000 & 2021 when Villiers Park House and grounds were extensively developed. We would also wish that any work be carried out at during the week only, so that we can still have relatively peaceful weekends. This would also ensure that residents in School Lane could be free from a weekend flow of building deliveries and contactors.
