<b>Comments</b>	<input type="text" value="I believe this application is due to be amended. However, I would object to a Heat Pump being placed at the rear of the garage due to the likelihood of obtrusive noise causing issues. My property would be negatively affected as the living area and main bedroom are directly adjacent to the rear of Ruby Cottage's garage. It would be far better if the Heat Pimp were to be sited at the other side of the property where it would not cause any issues."/>
