With respect to the Authority, is the applicant and/or agent one of the following:

It is an important principle of decision-making that the process is open and transparent.

## Certificate Of Ownership - Certificate C

I certify/The applicant certifies that:

- Neither Certificate A or B can be issued for this application
- All reasonable steps have been taken to find out the names and addresses of the other owners (owner is a person with a freehold interest or leasehold interest with at least 7 years left to run) of the land or building, or of a part of it, but I have/the applicant has been unable to do so.

The steps taken were:

OUD's legal team completed a diligent enquiry process to identify relevant persons with an interest in land. The following process was followed:

- Landowners and other interested parties were identified initially through title searches with the Land Registry. These searches were refreshed before the application was submitted. No unregistered areas of land were identified.

- Oxford University reviewed the interests identified through Land Registry searches. This sought to confirm the contact details of the affected parties and also to ask for details of any other parties who may hold an interest in the land.

- For the avoidance of doubt, press notices were published on the 20th July 2023 (Appendix 3 of the Covering Letter)

I have/the applicant has given the requisite notice to the persons specified below being persons who, on the day 21 days before the date of this application, were owners/agricultural tenants of any part of the land to which this application relates.
