Dear Sir/Madam

Thank you for consulting us on the above EIA scoping opinion request, which we received on 21 August 2023.

Environment Agency position

We have reviewed the submitted documents and have no comments to make.

Advice to Applicant - Other Consents

As you are aware we also have a regulatory role in issuing legally required consents, permits or licences for various activities. We have not assessed whether consent will be required under our regulatory role and therefore this letter does not indicate that permission will be given by the Environment Agency as a regulatory body.

The applicant should contact 03708 506 506 or consult our website to establish if consent will be required for the works they are proposing. Please see <http://www.environment-agency.gov.uk/business/topics/permitting/default.aspx>

This includes any proposal to undertake work in, over, under, or within 8 metres of the top of the bank of a designated Main River, called a Flood Risk Activity permit.
