Proposal	Scoping opinion - new stadium development
Case Officer	Laura Bell
Organisation Name	Richard Anderson
Address	1a Wood Farm Road ,Headington,Oxford
Type of Comment	Support
Type	neighbour
Comments	<p>A fantastic opportunity for the whole of Oxfordshire to have a modern net zero carbon stadium that incorporates women's and men's football.</p> <p>A community owned football stadium that is 100% secure from any future unscrupulously owner like Oxford United have unfortunately been long subjected too.</p> <p>New jobs, millions of pounds each year injected into the local economy, fantastic eco friendly transport links with new road infrastructure around the stadium.</p> <p>New opportunities to enhance the sports facilities for all ages that are so sadly lacking at the moment. New pitches with maintenance for local clubs situated in Kidlington, new changing rooms and club rooms to replace the dilapidated run down underfunded currant structures.</p> <p>Please for every Oxfordshire child and adult, support this planning application fo a new stadium that we can all be proud of.</p>
