Hi Laura

Sorry for not being available to respond in time. However, your reference to CP 29 - CEPs in the Scoping Letter dated 29 Sept reflects our separate discussions and guidance to the applicant's consultants preparing the socio-economic report (to prepare in advance for the skills and community benefits to be generated and retained locally).

Thanks, Steven

Hi

My report for the above scoping opinion request for the OUFC proposed new stadium is due this Wednesday.

Please could I ask that you urgently respond to the consultation (sent 21/8) so that your comments may be considered? It is important that we advise the applicants of the correct level of detail/information to be contained within their Environmental Statement to support the planning application.

Many thanks
