Comments	<p>Traffic. I think that word sums up my reason for objection. The surrounding area in North Oxfordshire has many ongoing developments increasing traffic through the village, including housing (Heyford, Bicester, Eynsham to name a few), industrial developments (HS2, East West rail, Great Wolf resort, imminent 'Triangle' for Oxford stadium), yet no apparent improvements are being made to the road network. Kirtlington is becoming a rat run due to the inadequate A34/M40 and other surrounding roads that just cannot cope. My Children walk to school and there have been incidents with HGVs mounting kerbs, it is a danger that we cannot ignore. On top of that, the bus service has reduced, the shop in the village has closed, everyone is reliant on cars. My objection to any new housing is because firstly something needs to be done about the roads to reduce traffic in the village, whether that is a bypass, more chicanes, banning HGVs..... Until that is done I do not feel it is appropriate to build any more houses in the village that would only increase traffic through the construction of the houses and more residents.</p>
