Address	10 Oxford Close,Kirtlington,Kidlington,OX5 3HH
Type of Comment	Comment
Type	neighbour
Comments	<p>I would like to submit my objection to the proposal of building the houses in the field behind our property. This would cause great upset to me and my wife in regards to loosing the beautiful view of open field which was one reason why we purchased the property in the first place.Also I am concerned with the noise which such a construction would create during its building as I am a shift worker on two week rotation. Also I think the Village has already had enough new houses built in the last ten years and does not need more.The infrastructure of the Village is also a key factor on why we object to this proposal which has already been rejected a number of times in the past already and the developers keep reducing the proposed number of houses each time but the houses would be of a larger size each time and are not affordable housing for the many but expensive housing for the few who can afford it.This would also reduce the value of our property by a considerable amount if it went ahead</p>
