Comments	<input type="text" value="I support this development because I think it is the type of development that the village needs. I have a son who would like to live in the village and this development would have a house the size that he could consider. This development is at the right end of the village to not increase through village traffic too much. I would much prefer to see development here than in areas of the park or mill lane that would damage some of the best and most popular aspects of the village. We have to accept that there needs to be house building , and that there needs to some in the village and this to me seems to be the ideal development
