Comments	<input type="text" value="I do not support this application as it does not meet the criteria laid out in CDC's housing strategy. It does not provide the type of housing that the village needs, which in my opinion would be more geared towards affordable housing for families or a low rise apartment building that would appeal to the older residents who do not wish to leave the village but do not want to remain in larger family dwellings that they no longer need and struggle to maintain. The access to the main road is also at a potentially dangerous bend in the road, it seems inevitable that a dangerous collision would occur."/>
