<b>Case Officer</b>	Jeanette Davey
<b>Organisation Name</b>	Emma Jones
<b>Address</b>	Cherwell District Council, Bodicote House, White Post Road, Bodicote, Banbury, OX15 4AA
<b>Type of Comment</b>	Comment
<b>Type</b>	neighbour
<b>Comments</b>	<p>Good afternoon,</p> <p>This department has the following response to this application as presented:</p> <p>Noise: Prior to the commencement of the development, a Construction Environment Management Plan (CEMP), which shall include details of the measures to be taken to ensure construction works do not adversely affect residential properties on, adjacent to or surrounding the site together with details of the consultation and communication to be carried out with local residents shall be submitted to and approved in writing by the Local Planning Authority. Thereafter the development shall be carried out in accordance with approved CEMP.</p> <p>Prior to the commencement of the development hereby approved a specialist acoustic consultants report that demonstrates that the World Health Organisations guideline noise value for outdoor areas of 50 dB LAeq (16 hr) or less can be achieved during the time period 07:00 to 23:00 hrs for domestic gardens and recreation areas used in common shall be submitted to and approved in writing by the Local Planning Authority. Where acoustic barriers, planting or other features are required to achieve this standard full details of these elements shall be submitted with the report for approval. Thereafter and prior to the first occupation of the affected dwellings and the first use of the common areas, the acoustic barriers shall be installed and retained in accordance with the approved details.</p> <p>Prior to the development commencing a report should be provided and approved in writing by the local planning authority that shows that all habitable rooms within the dwelling will achieve the noise levels specified in BS8233:2014 (Guidance on sound insulation and noise reduction for buildings) for indoor and external noise levels (if required then the methods for rating the noise in BS4142:2014 should be used, such as for noise from industrial sources). Thereafter, and prior to the first occupation of the dwellings affected by this condition, the dwellings shall be insulated and maintained in accordance with the approved details.</p> <p>Contaminated Land: No part of the development hereby permitted shall take place until a desk study and site walk over to identify all potential contaminative uses on site, and to inform the conceptual site model has been carried out by a competent person and in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and has been submitted to and approved in writing by the Local Planning Authority. No development shall take place until the Local Planning Authority has given its written approval that it is satisfied that no potential risk from contamination has been identified.</p> <p>If a potential risk from contamination is identified as a result of the work carried out under condition [**], prior to the commencement of the development hereby permitted, a comprehensive intrusive investigation in order to characterise the type, nature and extent of contamination present, the risks to receptors and to inform the remediation strategy proposals shall be documented as a report undertaken by a competent person and in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and submitted to and approved in writing by the Local Planning Authority. No development shall take place unless the Local Planning Authority has given its written approval that it is satisfied that the risk from contamination</p>

has been adequately characterised as required by this condition.

If contamination is found by undertaking the work carried out under condition [\*\*], prior to the commencement of the development hereby permitted, a scheme of remediation and/or monitoring to ensure the site is suitable for its proposed use shall be prepared by a competent person and in accordance with DEFRA and the Environment Agency's 'Model Procedures for the Management of Land Contamination, CLR 11' and submitted to and approved in writing by the Local Planning Authority. No development shall take place until the Local Planning Authority has given its written approval of the scheme of remediation and/or monitoring required by this condition.

If remedial works have been identified in condition [\*\*], the development shall not be occupied until the remedial works have been carried out in accordance with the scheme approved under condition [\*\*]. A verification report that demonstrates the effectiveness of the remediation carried out must be submitted to and approved in writing by the Local Planning Authority.

Any contamination that is found during the course of construction of the approved development that was not previously identified shall be reported immediately to the local planning authority. Development on the part of the site affected shall be suspended and a risk assessment carried out and submitted to and approved in writing by the local planning authority. Where unacceptable risks are found remediation and verification schemes shall be submitted to and approved in writing by the local planning authority. These approved schemes shall be carried out before the development [or relevant phase of development] is resumed or continued.

Air Quality: No comments

Odour: No comments

Light: No comments

If you wish to deviate from the suggested conditions then this should be discussed with the officer making these comments to ensure the meaning of the condition remains and that the condition is enforceable and reasonable.

Kind regards,

Emma Jones
