Comments	<input type="text" value="It is about time that people stopped saying not in my back garden to these planning applications, by accepting these applications we may see some affordable housing for people who were born being able to maybe purchase a home here, also the village will stagnate and die without some new blood, this will keep the school open and maybe we would get a Post Office & shop that we deserve. The housing crisis in this country is out of control, and we need small projects like this to help those who are looking to put down roots. This is not some huge housing estate just a small development"/>
