Dear Ms Davey

Land West Of Oxford Close And North Of Corner Farm Station Road Kirtlington
23/02338/OUT

I am writing to express my support and endorsement of this application, which seeks to introduce much-needed new residences into our village. In comparison to other villages, we have received relatively few new housing options bar 5 new houses (with the demolition of 1) on Heyford road, which has significantly inflated property prices, transforming our village into an enclave predominantly for the affluent.

I am disappointed that people keep saying the village boundary is the old Woodstock way, when they have provided no proof. THIS is a footpath, all have been. The footpath was also diverted in the 70s to make way for Hatch way. Therefore I am not sure why it cant be diverted again to make the footpath more accessible for everyone as it is not used now.

Yours sincerely,

CDC
