Type	<input type="text" value="neighbour"/>
Comments	<p>Road infrastructure is already at breaking point, currently on both Balmoral Avenue and Dover Avenue. A proposal of 250 dwellings would have a devastating effect on the residents already living in the area. Most already struggle to park in the evenings and have to abandon their vehicles on paths and verges to be within walking distance to their homes and schools.</p> <p>I am certain that emergency services will not be able to a satisfactory response time.</p> <p>I've witnessed firsthand the routes needed to be use for emergency response being impassable in a large vehicle.</p> <p>Given its elevated geological position this estate will be overlooking and intrusive, encroaching on our precious privacy and peaceful neighbourhood.</p> <p>I'm sure you do not care as not one person has reached out to any one of the homeowners or tenants directly affected by the already ongoing works. Thus has already installed a lack of faith in residents, that this development will directly effect our day to day lives and going forward increase the strain on our already stretched services and mental wellbeing's.</p>
