Comments	<input type="text" value="I am against the re-submitted planning application 23/03428/OUT. The reason for my objection is that I do not believe it is in the best interests of the local environment to enable a new development on agricultural land north of the Daventry Road. Such a development will have a detrimental impact not only on the environment, but also lead to increased traffic on already congested road network at peak times. There are sufficient brown field sites in the area, where former businesses have closed, that should be developed, before looking at new development north of the M40 corridor."/>
