Comments	<input type="text" value="I objected to the last planning application and am doing so again. The M40 Roundabout is already a nightmare at certain times of day, traffic from this planned proposal will make this worse. Especially when the M40 is closed due to an accident the tail back from Middleton Cheney makes it virtually impossible for people to get to work on time. Also these fields are ancient, ridge and furrow. There are not many of these historical sites left in our sadly diminishing green & pleasant land. Once these eyesores are built the farmland will be lost forever under yet more concrete. I know some say they will provide jobs for local people, but some of these types of warehouses are run by very few people or even robots. As there are still empty warehouses on the estate the other side of the motorway I cannot see the need for yet more. I do hope you turndown this application again."/>
