Comments	<input type="text" value="The area around the proposed site is already overloaded with vehicles causing traffic delays and the large number of heavy good vehicles damaging the road structure and roadside. Such a development will have a further adverse effect across Banbury and its network of roads which already cannot cope - Amazon,DHL etc. Further more the destruction of green field sites in our area not included in the local plan is totally unacceptable. Banbury is already over developed with warehouse structures which bring little or no benefit to the local community just further diesel pollution of the area."/>
