Comments	<input type="text" value="The fields here form part of the flood defence and water run off. This isescent building in this area, is a blight on the landscape, will cause further flooding and huge traffic congestion. Not to mention the impact to us locals wanting to travel to Banbury. Its just as easy to go to rugby, Daventry, Brackley or Towcester. Banbury will lose out. The CO2 impact on the environment is also a major concern. There are enough empty warehouses around Banbury that could be redeveloped instead of building new ones speculatively. Please reject this application."/>
