Comments	<input type="text" value="Banbury is becoming overrun with warehouse developments that detract from the character and nature of the town but more importantly are imposing undue pressure on the road network. The applied for development at Nethercote will add further traffic congestion to the M40 roundabout and adjacent road network. The development will also disturb an historic ridge and furrow landscape and change forever the rural nature around Nethercote and Overthorpe. I therefore object to this application on the same grounds that I objected to the previous development applied for on this site"/>
