Comments	<input type="text" value="I object to this application because:
It comprises 70 acres of warehousing development on land which is currently agriculture use and is not in keeping with the surrounding area
The A361 off the M40 roundabout is already very busy and this will add to the traffic congestion
Heavy goods vehicles using this proposed site will add unnecessary pollution to the area
The increased volume of traffic is unacceptable
This is an unnecessary development on the east side of the M40
The proposed development will bring destruction of valuable countryside and fields currently used for cattle
There is already sufficient warehousing on the west side of the M40 and there is scope there for additional development without encroaching on the east side of the M40"/>
