Comments	<input type="text" value="I object to this application on several grounds:
1. There are currently three empty warehouses on the land opposite that have been empty for the last year since they were built, proving lack of need.
2. There will be a huge increase of traffic, in particular lorries on the A361 which already has long queues at rush hour, is impacted by HS2 traffic and also is used as a rat run with many accidents.
3. This will remove yet more green space and further increase flooding risk due to concrete replacing the natural landscape where it has the chance to run off.
4. I object to a further attempt for planning permission which was already refused once due to many objections. It feels like developers are just trying to wear down villagers and people that are impacted in the villages of Chacombe, Nethercote and overthorpe in particular."/>
