Comments	<input type="text" value="I would like to object to this application on the following basis

There are several empty warehouse/ distribution warehouses in the area. Therefore it is evident there is no commercial requirement for additional ones

The development would lead to huge damage to the environment and wildlife across this area. This is ancient farmland which should be protected.

The additional heavy vehicle traffic around the M40 would create even further congestion and road damage, that entry to the town and surrounding villages can little afford.

For these reasons this application should (again) be rejected"/>
