Warehouses bring yet more traffic to an already busy M40 and greater congestion to what was once a peaceful motorway interchange. More traffic means more air pollution, more noise and less reason why anyone should want to live here in Banbury...let alone the wildlife we currently enjoy in the wildlife area just across the Daventry Road! It makes something of a nonsense of its creation. The Daventry Road is already very busy especially at peak times when there are long jams at the roundabout. The road is dangerous and unsuitable for more HGVs. Flora and fauna in centuries old fields will be wiped out and concreted over. We have already lost so much in this " visual="" we="" which="" will="" with="" yet=""/> |
